Warrant for Town Meeting.

To Edward L. Farwell, a Constable of the Town of Cumberland, in the County of Cumberland:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of said town of Cumberland qualified by law to vote in town affairs to meet at the townhouse in said town on the sixth day of March, A. D. 1923, at nine o'clock in the forenoon, to act upon the following articles:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To choose a Town Clerk for the ensuing year.

Article 3. To hear and act upon the report of Selectmen, Assessors and Overseers of the Poor.

Article 4. To hear and act upon the report of Town Treasurer and Treasurer of Cumberland School Fund.

Article 5. To hear and act upon the report of the Superintending School Committee.

Article 6. To hear and act upon the report of Treasurer and Trustees of Greely Institute.

Article 7. To hear and act upon the report of the Cemetery Commission.

Article 8. To choose all other necessary town officers.

Article 9. To raise money for the support of schools for the ensuing year.

Article 10. To raise money for schoolhouse repairs.

Article 11. To raise money for text books and supplies.

Article 12. To see what sum of money the town will vote

to raise for the support of free high school on Chebeague Island for the ensuing year.

Article 13. To see what disposition the town will make of money for aid of free high school.

Article 14. To see what action the town will take in regard to money coming from income of Drown farm.

Article 15. To see what sum of money the town will vote to raise for the support of Greely Institute.

Article 16. To raise money for the support of poor.

Article 17. To raise money for highways, town ways, and bridges and fix price of labor.

Article 18. To raise money for State patrol and State aid maintenance roads.

Article 19. To raise money for payment of snow bills.

Article 20. To raise money for payment of town notes and interest.

Article 21. To raise money for support of hydrants.

Article 22. To raise money for support of street lights.

Article 23. To raise money for the support of the Cemetery Commission.

Article 24. To raise money for contingent expenses.

Article 25. To hear and act upon the request of any Collector of Taxes for abatement.

Article 26. To receive bills against the town.

Article 27. To see if the town will vote "yes" or "no" on the question of appropriating money necessary to entitle the town to State aid as provided in Section 19 of Chapter 25 of the revised statutes of 1916.

Article 28. To see if the town will appropriate and raise the sum of seven hundred and thirty-two dollars (\$732.00)

for the improvement of the section of State aid road as outlined in report of State Highway Commissioner, in addition to the amounts regularly raised for the care of ways, highways and bridges, the above amount being the maximum which the town is allowed to raise under the provision of Section 18 of Chapter 25 of the revised statutes of 1916.

Article 29. To see whether the town will raise a sum of money not to exceed six hundred dollars (\$600.00) and authorize the Selectmen and Board of Health to employ a physician on Chebeague Island to attend to all matters pertaining to the enforcement of the laws relating to health, and also to attend all persons requiring attendance who are charges upon the town.

Article 30. To see if the town will vote to raise and appropriate a sufficient amount of money to provide the Island voters transportation to the March town meeting.

Article 31. To see if the town will vote to permit a committee to place a memorial tablet in memory of those serving in the world war, within the limits of the town highway on Chebeague Island.

Article 32. To see if the town will vote to extend the street lighting system on Chebeague Island from the post office to Central Landing, and keep the whole system in service during such part of the year as the town shall determine, and raise money for the same.

Article 33. To see if the town will vote to purchase, for a Town Landing, from the Milliken-Tomlinson Co., the store wharf known as Hamilton's Landing at Chebeague Island, and raise money for the same.

Article 34. To see if the town will vote to dig a well at the Chebeague Cemetery, and raise money for the same.

Article 35. To see if the town will vote to purchase a fire

fighting apparatus for use on Chebeague Island, and raise money for the same.

Article 36. To see if the town will vote to purchase a piece of land (one-half acre more or less) for the Methodist Episcopal Church of Chebeague Island, to annex to the Chebeague Cemetery, and raise money for the payment of the same.

Article 37. To elect Fire Chief and Fire Wardens, fix their compensation, also that of labor fighting fire, and raise money for the same.

Article 38. To see if the town will vote to instruct the Selectmen to borrow money, if necessary, for payment of bills until such time as sufficient funds have been paid to the Treasurer by Collector of Taxes.

Article 39. To see if the town will vote to raise money to install and maintain, two electric lights, one at foot of Spear's hill, at the crossroads, and one at the Greely road.

Article 40. To see if the town will vote to raise the sum of five hundred dollars (\$500.00) to repair the Harris road.

Article 41. To see if the town will vote to erect movable snow fences to be placed in such portions of the town during the winter months as the road commissioners deem advisable.

Article 42. To see if the town will vote to purchase a suitable snow scraper to be used in the western section of the town.

Article 43. To see if the town will vote to have street lights installed, beginning at the residence of O. W. Lufkin and continuing south as far as the Falmouth line, on the Portland and Lewiston new State highway.

Article 44. To see if the town will vote to raise a sum of money not to exceed forty-five dollars (\$45.00) a year for each pupil attending high school or its equivalent, on the

main land of Cumberland. Each pupil to be allowed to attend the school most convenient for him or her. Said sum not to exceed \$45 a year for each pupil attending such school, to be paid to school where each pupil attends, and this shall apply also to Greely Institute. Said sum not to exceed \$45 for each pupil, to be paid Greely Institute for each pupil from Cumberland that attends Greely Institute. This payment to take the place of any lump sum appropriation to Greely Institute, and to raise money for the same.

Article 45. To see if the town will vote to provide school privileges in the primary and grammar grade living on the Foreside road near the Falmouth line, and raise money to pay the tuition to the town of Falmouth for the same.

Article 46. To see if the town will vote that school children shall not be conveyed to school at the town's expense except in districts where the schools have been discontinued, or have no grammar school privilege.

Article 47. To see if the town will vote that children so conveyed and living away from the school team route shall meet said team at some suitable place, provided the distance is not farther than they were obliged to travel to their former school.

Article 48. To see if the town will vote to furnish school tickets for children conveyed on the electric cars for the exact number of rides that they are transported.

Article 49. To see if the town will vote to appropriate one hundred dollars (\$100.00) to pay R. B. Redfern associates for service rendered the past winter season, on removing snow by tractor plow, from the State highway passing through the town of Cumberland.

Article 50. To see if the town will vote to appropriate one hundred and fifty dollars (\$150.00) to be used to control the spread and ravage of the white pine blister rust.

Article 51. To see if the town will vote to raise the sum of ten dollars (\$10.00) to be used for the purchase of flags for decorating the graves of soldiers.

Article 52. To see if the town will vote to constitute and appoint a Budget Committee composed of eight members, said members to be citizens of the town of Cumberland.

D. B. HAMILTON,

O. L. HUSTON,

FRANK M. RINES,

Selectmen of Cumberland.

NELLIE B. JORDAN, *Town Clerk.*

School Report.

To the School Committee and Citizens of the Town of Cumberland:

In this brief report, which I submit herewith, are some issues of vital importance that should be discussed. It is hoped by your school officials that all prejudice, if any, may be cast aside and the changed conditions that exist in our state and nation may be taken into consideration in discussing our town finances.

The question that confronts us, can the cost of our schools be reduced? is one that arises annually and comes to us this year with new and unusual significance. Nation and State are making efforts as perhaps never before to curtail expenditures in an effort to relieve the heavy burden of taxation. If the curtailments in the expenditures for schools could be made without the loss of efficiency they should by all means be made, but of course at that point there is difficulty.

In this town we have gradually worked up to the realization that it is impossible to carry on or complete and solve any problem, justly and wisely, without keeping constantly in mind the welfare of our children and thru them, as future citizens of Cumberland, the best interests of our town.

It has been our purpose to keep intact a teaching force of the highest type and to maintain conditions suitable for the attainment of highly physical and mental standards. We realize that it has taken a large amount of money, comparatively, to accomplish this, but we believe the attainment of such a worthy object will compensate for this expenditure. The teachers' salaries, large as they may seem as compared

with pre-war salaries, are at this time about adequate to keep intact the fine teaching staff, which we now have, both on the main and on the island, of which we are justly proud. We do not think it advisable that the maximum salaries be increased at this time, nor do we believe they should be lowered. As far as we can see into the future our schools will be as large next year as they have been the past year. Our expenditures in this department have been governed by the market conditions of labor and supplies and our recommendations for the ensuing year have been based on past experience in this line.

We must face the problem of providing sanitary, well-lighted, convenient school buildings, as the state has passed laws in relation to this matter that must be followed. In making the recommendations we have gone over each account carefully, and have asked for the smallest amounts that will meet the requirements without exceeding the appropriations. Cumberland has suffered loss financially from the new method of apportionment by the state which went into effect at the beginning of the school year.

ATTENDANCE.

The attendance has been excellent. Owing to the change in the state law, respecting the apportionment of our school fund, it was necessary to emphasize the fact that every day's absence of any pupils meant a loss to the town financially. We have not yet reached the point where the parents of our children grasp this fact as they should. When our teachers ask of the parents or guardians for a written excuse, explaining why the pupil was absent, they are carrying out the request of the school officials. We ask this of the parents as a business proposition. Our average attendance is better than last year.

PROGRESS.

The progress made in all our schools, in all studies, has been very satisfactory. The results obtained from the use of the Beacon System of Reading, has been beyond our expectations in the time since this series of readers was introduced. I think the book committee favors the introduction of a new speller, as there is a lack of uniformity and the books now in use have been used a long time and are in bad condition. The introduction of new histories and civics was brought to the attention of the town, last year, but the committee are of the opinion that the time has not arrived when it would be advisable to make this change. History is still in the making. Special mention should be made of the fine work being done in penmanship at Nos. 2, 3 and 7, and at Nos. 8 and 9 on the island.

REPAIRS AND IMPROVEMENTS.

A generous sum of money was appropriated last year for repairs and improvements. As recommended chemical toilets have been installed at No. 2 (Tuttle Road) and at Nos. 8 and 9 on the island. The building at the West End Chebeague has been shingled and new steps have been built at both No. 8 and No. 9. In making our recommendations we have considered the entire town and have reported what will need to be done during the next two years.

CHEBEAGUE HIGH SCHOOL.

At the beginning of the fall term Mr. Russell C. Harrington of South Portland, took charge of this school. The school is small, but the work is being thoroughly and practically done and a decided improvement was noted at my last visit. The morale of the school is good. The graduation in June was a great success.

MUSIC.

Miss Adelaide S. Dunton of Cumberland Centre was employed as music teacher for the three towns comprising this union. We feel that this has been our best year, in a musical way, in our schools, because of our having the same teacher in all our schools. The technical knowledge of the pupils in the lower grades, and their ability in reading at sight songs and exercises of varying degrees of difficulty, promises much for the future of the schools and the towns in general. It is worthy of special mention that the boys are taking more interest than ever before in singing; this is especially noticeable in the schools on the island, where Mrs. Byers is conducting the music in a very efficient way. A phonograph has been purchased by the Shawtown school, and a piano by the East End school on Chebeague.

SCHOOL STATISTICS.

Whole number of pupils in town April 1, 1922,	276
Whole number attending our common schools,	197
Average number attending our common schools,	167
Length of school year in weeks,	35
Length of school year Chebeague H. S. in weeks,	36
Number of different teachers employed,	12

Respectfully submitted,

D. W. LUNT, *Superintendent.*

Greely Institute.

REPORT OF THE PRINCIPAL.

I herewith submit my second annual report as principal of Greely Institute.

Our present enrollment is 50, classified as follows:

	Agriculture	College Prep.	Dom. Arts	English
Freshmen,	4	3	7	4
Sophomores,	4	1	5	1
Juniors,	3		3	2
Seniors,	4		3	5
	<hr/>	<hr/>	<hr/>	<hr/>
	15	4	19	12

The attendance record during the fall term was very good with a mark of 95.6%. The number of cases of tardiness was also much less than in previous years, being less than two per pupil. On account of the severe storms, this term, the attendance has been reduced to about 85%, however, with a good record the coming spring term, the year's average will be above 90%.

We have made a few changes in our organization this year, having eliminated the writing practice, which was held two mornings a week last year. Also, we have a general assembly, lasting 20 minutes, two afternoons a week, at 3.25. This assembly is conducted by the various student organizations and is proving to be very interesting and beneficial.

An honor club has been organized this year and students in order to be eligible for membership must have an average of 85% or over. Last term this club had a membership of 21, or 42% of the student body. Also I am pleased to re-

port that only one pupil failed in one study, last term, which is far above averages.

The athletic teams have been quite successful, the baseball team winning more than half of their games last spring, and the basket ball team this winter has lost only two games.

The prospects for a good baseball team this coming spring, are also very good.

Our social life has consisted of a school fair in September, a Senior Hallowe'en party and a supper and entertainment in November. Also a few socials in the Assembly Hall at the Institute.

In the spring the Seniors will stage their play and the Juniors and Sophomores will have their prize-speaking contest.

The winner of this contest will compete with the other schools of Cumberland County the same as last year.

The school has made considerable progress in music this year, under the capable leadership of Miss Dunton.

Two glee clubs have been formed as well as a school orchestra, and each one has made creditable showing.

The Domestic Arts department has a large enrollment and is doing very good work. The exhibits of cooking and sewing, at the school fair, merited considerable commendation.

The Agricultural students have done well during the past year, carrying twenty-five different home projects in swine, poultry, garden, and field crops. These projects gave a total of \$1,664.63 worth of produce and netted an aggregate labor income of \$785.82.

The poultry flock at school netted a profit of a little over a dollar per hen, in addition to supplying the Domestic Arts Cooking department with eggs during the year. The school garden realized a profit of approximately eight dollars.

The classical courses are being carried on according to the State requirements. An inspector, who visited us recently,

seemed to be satisfied with the atmosphere and progress of the school.

The physical training for the boys consists of baseball, football, various athletic games and calisthenics. For the girls it consists of volley ball and calisthenics. During the winter, of course, the amount of training is considerably less than in the spring and fall on account of the lack of indoor facilities.

The school has improved in every respect during the past year. I believe it will continue to in the future, if the proper amount of friendly co-operation between parents and school officials can be maintained.

I desire to thank the trustees, teachers and citizens of the town for their support in promoting the welfare of the school.

Respectfully submitted,

RAYMOND W. HUTCHINSON.

Can you do better?

Buildings in the Country usually burn when a fire starts. Don't let one start. Rod your buildings if you can. See that your chimneys are secure. Don't let the children play with matches. Be careful of your Cigarette Stubs. These things have been the cause of most of our fires.

To the Voters of the Town of Cumberland:

The Budget Committee respectfully submit the following recommendations.

FOR SCHOOL DEPARTMENT.

Article 9. Committee recommend \$4,500.00 for common schools and \$2,000.00 for transportation of pupils.

Committee advise curtailing cost of transportation.

Warrant for Town Meeting.

To Edward L. Farwell, a Constable of the Town of Cumberland, in the County of Cumberland:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of said town of Cumberland qualified by law to vote in town affairs to meet at the townhouse in said town on the fourth day of March, A. D. 1924, at nine o'clock in the forenoon, to act upon the following articles:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To choose a Town Clerk for the ensuing year.

Article 3. To hear and act upon the report of Selectmen, Assessors and Overseers of the Poor.

Article 4. To hear and act upon the report of Town Treasurer and Treasurer of Cumberland School Fund.

Article 5. To hear and act upon the report of the Superintending School Committee.

Article 6. To hear and act upon the report of Treasurer and Trustees of Greely Institute.

Article 7. To hear and act upon the report of the Cemetery Commission.

Article 8. To choose all other necessary town officers.

Article 9. To raise money for the support of schools for the ensuing year.

Article 10. To raise money for schoolhouse repairs.

Article 11. To raise money for textbooks and supplies.

Article 12. To see what sum of money the town will vote to raise for the support of free high school on Chebeague Island for the ensuing year.

Article 13. To see what disposition the town will make of money for aid of free high school.

Article 14. To see what action the town will take in regard to money coming from income of Drown farm.

Article 15. To see what sum of money the town will vote to raise for the support of Greely Institute.

Article 16. To raise money for the support of poor.

Article 17. To raise money for highways, town ways, and bridges and fix price of labor.

Article 18. To raise money for State patrol and State aid maintenance roads.

Article 19. To raise money for payment of snow bills.

Article 20. To raise money for payment of town notes and interest.

Article 21. To raise money for support of hydrants.

Article 22. To raise money for support of street lights.

Article 23. To raise money for the support of the Cemetery Commission.

Article 24. To raise money for contingent expenses.

Article 25. To hear and act upon the request of any Collector of Taxes for abatement.

Article 26. To receive bills against the town.

Article 27. To see if the town will vote "yes" or "no" on the question of appropriating money necessary to entitle the town to State aid as provided in Section 19 of Chapter 25 of the Public Laws of 1916.

Article 28. To see if the town will appropriate and raise

the sum of seven hundred and thirty-two dollars (732.00) for the improvement of the section of State aid road as outlined in report of State Highway Commissioner, in addition to the amounts regularly raised for the care of ways, highways and bridges, the above amount being the maximum which the town is allowed to raise under the provision of Section 19 of Chapter 25 of the Public Laws of 1916.

Article 29. To see whether the town will raise a sum of money not to exceed six hundred dollars (\$600.00) and authorize the Selectmen and Board of Health to employ a physician on Chebeague Island to attend to all matters pertaining to the enforcement of the laws relating to health, and also to attend all persons requiring attendance who are charges upon the town.

Article 30. To elect Fire Chief and Fire Wardens, fix their compensation, also that of labor fighting fire, and raise money for the same.

Article 31. To see if the town will vote to instruct the Selectmen to borrow money, if necessary, for payment of bills until such times as sufficient funds have been paid to the Treasurer by Collector of Taxes.

Article 32. To see if the town will vote to raise or appropriate a sufficient amount of money to provide the Island voters transportation to the March town meeting.

Article 33. To see if the town will instruct the Cemetery Commission to build a fence from the highway to Moss Side Cemetery, and raise money for the same.

Article 34. To see if the town will vote to build over culvert on Baptist meeting-house road, and raise money for same.

Article 35. To see if the town will vote to instruct the School Board to open and keep open school No. 13 (not recommended by School Board).

Article 36. To see if the town will vote to annually raise a sum of money to pay tuition of pupils to high schools other than Greely Institute. This to apply only to pupils in eastern and western parts of the town that live near electrics. In no case is this meant to mean more than sixty dollars per pupil, any sum over this to be paid by parents. In no way is this meant to include pupils living at the Center. Determine amount to be raised this year, and raise money for the same. *No*

Article 37. To see if the town will vote to install a drinking fountain or other water service at Tuttle Road School No. 2, and raise money for the same. *Yes*

Article 38. To see if the town will vote to raise \$250.00 to construct a snow fence on Prince's Hill. *Yes*

Article 39. To see if the town will vote to raise and contribute the sum of two hundred dollars (\$200.00) to be used towards the maintenance of the Foreside Fire Co. *Yes*

Article 40. To see if the town will vote to extend the electric lights on Blanchard Road to the four corners. *No*

Article 41. To see if the town will vote to extend the street lighting system on Chebeague Island from the post-office to a point on the North Road near the residence of Archie L. Bowen, and keep the whole system in service during such part of the year as the town shall determine, and raise money for the same.

Article 42. To raise the sum of three hundred dollars (\$300.00) for the second payment on the stone wharf known as Hamilton's Landing at Chebeague Island.

Article 43. To see if the town will vote to raise the sum of two hundred dollars (\$200.00) to use with an equal amount raised by subscription at Chebeague Island in dredging the channel at Hamilton's Landing, Chebeague Island.

Article 44. To see if the town will vote to raise five hundred dollars (\$500.00) to widen and improve a piece of Island road.

Article 45. To see if the town will vote to fence the addition to the Chebeague Island Cemetery, and raise money for the same. *No*

Article 46. To see if the town will vote to instruct the Selectmen to purchase a fire proof safe for the preservation of town records that need to be kept at the residence of the Town Clerk, and raise money for the same.

Article 47. To see if the town will vote to contract with the Cumberland Power & Light Co., to install two street lights near scene of accident at Rideout's bridge, and raise money for the same.

Article 48. To see if the town will vote to appoint a Budget Committee for the ensuing year.

Article 49. To see if the town will vote to extend the street lights on Middle Road from near Flint's store to opposite residence of N. P. Olsen, and raise money for the same. *yes*

Article 50. To see if the town will appropriate and raise the sum of \$3,660 for improvement of the section of State Aid Road as outlined in the report of the State Highway Commission in addition to the amount regularly raised for the care of the ways, highways and bridges, the above amount being the maximum which the town is allowed to raise under the provisions of Section 21, Chapter 25, Revised Statutes of 1916, as amended by Chapter 258, P. L. 1917. *+*

Article 51. To see what action the town will take in regard to consolidating the island schools, and make provisions for the same. *yes*

Article 52. To see if the town will vote to authorize the

Board of Assessors to procure abstracts of transfers of real estate in this town during the past year and for next year, and provide for the expense thereof.

F. R. SWEETSER,

OSRO L. HUSTON,

FRANK M. RINES,

Selectmen of Cumberland.

NELLIE B. JORDAN, *Town Clerk.*

School Report.

To the School Committee and Citizens of the Town of Cumberland:

More and more each year the conviction is growing among rural school officials and students of educational conditions in rural communities, that the immediate hope for improvement of the schools in the open country is the hearty co-operation of the citizens of the town as a unit. It is the desire of the leading educators in New England to make our rural schools equal to those in our cities. That children on the farms and in the open country have advantages for a school education, in some measure at least, equivalent to those now enjoyed by children in cities, is a matter of justice which should not be longer overlooked. Some of our cities have rural sections where the conditions are similar to our rural towns. The Auburn report states that several rural teachers are receiving higher salaries than teachers of equivalent training and experience are being paid in the city schools; but the salaries are not all; there are other duties devolving upon the patrons of many rural schools. In addition to a good salary, a desirable school plant and an adequate working equipment, a teacher must be assured desirable board and room at a fair price and within reasonable distance from the school in order that she may be enabled to do her best work. She should be welcomed to the community and be made to feel that there is a real place for her. In brief, as mentioned at the beginning, the whole question resolves itself into one of co-operation between school authorities and the school patrons.

The parents understand their own children better than anyone else; that is, they should know from careful study the make-up of their own boy or girl. When a new teacher is employed it takes a long time for her to know her pupils. Do not leave her alone to learn all the fairly well established tendencies or characteristics which may usually be looked for and discussed. Go to the teacher with the spirit of sympathy and helpfulness and explain how your child can be best understood. We sometimes compare our pupils with ourselves and because we were fond of arithmetic or history, we think our pupils should be, and cannot understand why they are deficient in those studies.

TEACHERS.

We made several changes in our list of teachers at the beginning of the fall term. We transferred Mrs. Byers from the East End school, Chebeague, to the Tuttle Road school. Miss Elna Larsen was employed to take Miss Brydon's place as assistant. Mr. Leon R. Grant was elected to the East End school and is doing excellent work. Miss Pearl Hamilton, after nearly five years of very successful work at the West End school, resigned and Mrs. Marcia E. Libby was chosen to take her place. This school ranks the highest of any in this union in attendance. During the fall term of fourteen weeks and the first two weeks of the winter term, the average attendance was 15.2 out of a total registration of 16. The school spirit on the "Island," as well as on the "Main," is excellent. Miss Page was transferred from No. 4 to the E. K. Sweetsir Grammar school. Mrs. Eva L. Toner was elected teacher of No. 4 and is also our helping teacher. This school and No. 7, under the faithful charge of Miss Osgood, are model schools. Miss Merle Annis is doing excellent work at the Centre Primary. For the good

of our public schools, we hope the present teachers can be retained for a series of years.

PROGRESS.

The work in the common branches has been along the same general lines as last year because our system was carried out by trained or experienced teachers and a change was not required. The work in reading is still progressive. In several of our schools the advancement in expression, as well as a careful enunciation, is especially noticeable. The work in arithmetic is improving slowly. The rapid addition practice, given by several of our teachers, is making our pupils think quickly and accurate results are forthcoming. The book committee did not deem it wise to purchase new histories this year, but I think, without doubt, the purchase will be made next year as it will be necessary to buy several new books because of promotions and the casting aside of books that are worn out. During the past year, new Lewis Spellers were introduced and purchased for all our schools and we have a uniform course, as the Lewis Spellers are designed to go with the Beacon System of Reading. Good penmanship is still the earnest desire, eternal vigilance, and sincerity of purpose on the part of our faithful teachers and we feel that writing is becoming good and useful in our schools.

REPAIRS AND IMPROVEMENTS.

Your committee have made several improvements in our school buildings. The buildings on the island, with the exception of the underpinning at No. 9, are in good condition. The new furnace at the West End has been installed and is giving excellent satisfaction. The coming year the largest appropriation for repairs and improvements should be made for No. 4 (Shawtown), as they are still using the old box

stove (still unjacketed). The walls of the room needs to be repapered and the ceiling painted white, also several new blackboards. The room at No. 7 should be redecorated, as the paper is torn and badly soiled. The Grammar school building has been repainted the past year. New window shades were purchased for all the schools where they were needed. Screens for the windows and doors are much needed.

MUSIC.

The music has been under the supervision of Miss Hazel V. Jones, of Auburn. The methods used are different from our former supervisors and we await results.

CHEBEAGUE HIGH SCHOOL.

Mr. Russell C. Harrington returned to the high school better equipped for the work than last year, as his attendance at the Bates College summer session was a very helpful experience. He has done excellent work. The school is small, but the amount of work accomplished has been highly satisfactory. Mr. Taylor, of the State Department, visited the school December 4, and spoke to the Parent-Teachers' Association in the evening. This association is doing a wonderful work on the island. The people are co-operating and the community spirit is of the best. A new piano and lamps for the lighting of the West End building have been purchased by the association and the January meeting was held in that building.

In conclusion, I wish to express to you as board members, teachers, parents and pupils my appreciation for all that has been contributed in making the work of the year so successful.

Respectfully submitted,

D. W. LUNT,

Superintendent.

Greely Institute.

REPORT OF THE PRINCIPAL.

CUMBERLAND CENTER, ME., Feb. 9, 1924.

Following the long established custom, I submit a report for the present school year.

The enrollment at this date is 45, 11 being tuition pupils. The percentage of attendance for the first fifteen weeks was better than 96 and it has remained as high during the winter term. For the same period the number of tardy marks was only 34. To date fifty visitors have honored us with their presence.

The pupils are classified as follows:

	Agriculture	College Prep.	Domestic Arts	English
Freshman,	1	2	9	2
Sophomores,	3	3	6	2
Juniors,	4	1	5	0
Seniors,	1	0	3	3

Nine of the 17 boys enrolled are pursuing the Agricultural course and 23 of the 28 girls are taking Domestic Arts.

No material changes have been made in the general routine by the new corps of teachers. The music teacher is not visiting the Institute this winter, but a Mandolin Club has been recently formed. The usual student organizations exist and the boys have formed an Agricultural Club.

Hot noon lunches have been provided since Thanksgiving, and an average of 25 pupils per day are served. The Domestic Arts department prepare the lunches and the principal personally supervises the serving. The agricultural room

is used, but it is not particularly well adapted for the purpose.

The Agricultural department held a successful School Fair in the early Fall. This event was entirely on the school grounds. Each student in this department is preparing a bulletin collection and making boxes for their filing. Favorable reports have been received concerning the success of the graduates of other years.

One student had an instructive result with fertilizers while carrying on his project last summer. Another interesting project is being carried on with sheep by a member of the Freshman Class. The projects of last summer were well carried out. This year the projects have been changed in character. By the new system all the students in this department will have earned an extra half point of school credit by the end of the school year. Specialized work, such as that in a greenhouse, is given equal credit with work on a general farm.

This department needs a Farm Shop and Laboratory to facilitate the work in Farm Woodwork and Forging, as well as other so-called practical class work.

Both vocational departments are following out suggestions of the State Department of Education. In Domestic Arts there are two groups. The first nine weeks both groups studied the principles of cooking and the value of food. A quantity of food was preserved and the corn and tomatoes are being used for the noon lunches. The second nine weeks the second year pupils had sewing while the first year pupils took up "Household Appliances." During the third nine weeks the first year pupils are taking sewing and the second group, "Household Accounts." The last nine weeks will include "Household Sanitation" and "Personal Hygiene" for both groups.

The morale of the school is very high. A spirit of work

pervades all departments. With so few boys from whom to select, it has been difficult to form strong athletic teams. However, both boys' and girls' basketball teams have maintained the reputation of the school for clean sport and hard fought games. "Yankee grit" is always in evidence, even in defeat. Physical training for all is required and the social side of school life is not neglected.

The renovations, made by the Trustees, have been appreciated, but more money must be spent in a similar manner. Fortunately a good school does not necessitate fine buildings. The gymnasium must be shingled and other repairs made if it is to continue in operation. The value of this building cannot be estimated in dollars and cents, but its worth can be better appreciated by an alumnus and one who never had its privileges.

I feel that the school is maintaining a high standard and believe that the State Department of Education feels the same. As the preceding principal so aptly said: "I believe it will continue to do so in the future if the proper amount of friendly co-operation between parents and school officials can be maintained."

All of the teachers wish to take this opportunity to publicly express their appreciation for the loyal support and many courtesies received from the Trustees and citizens who are helping to support a good school at Greely Institute.

Respectfully submitted,

HOWARD L. WINSLOW,
Principal.
